LEARNING TRUST

A Message from Mrs Holmes

I am very proud of the three children in this photo who represented our school in the North Yorkshire Cross Country Finals.

Their behaviour and attitude was commendable and they showed excellent courage on a tough 1200m course.

There are some important dates for your diary in this newsletter, please do take a look.

Celebrating Diwali

Flourishing together through collaboration is very special to see in school. Children thrived working together to learn and celebrate Diwali.

Across the year, every class will have dance lessons for a half term with a professional dance teacher. This half term, Owls are enjoying learning about and performing street dance.

What a wonderful example of our school values collaboration and creativity! Acorns demonstrated excellent teamwork when making their own leaf crowns in their weekly forest school lesson. As you can see, the children were extremely proud of their creations.

Choir club

FoG SuperSingers Thursday lunchtime Choir club is now up & running for all children. This is a fun-filled group giving all the children a chance to sing a selection of uplifting songs whilst learning how to explore our voices together. Supersingers is a brilliant way to make music & make friends. We will be learning festive favourites in the sessions upto Christmas & there will be a community showcase performance in December for all children who would like to take part. Five weekly singing sessions up to the end of term for just £15. Please email Jules: info@supersing.co.uk to book.

Bill's thought for the week

This final term of 2022 began with bonfire night during which we are encouraged to "remember remember" and then ends in the middle of advent - a period of expectant waiting. It feels fitting that this term is bookended by the reminder to remember and the excitement of looking forward to something to come. In collective worship this term, we are going to look at the themes of justice, kindness and humility. Perhaps throughout the coming weeks you might like to, as families, remember together times in the past when you have been beneficiaries of just decisions, kind acts and humble service. You might also like to reflect together how you are able to be people of justice, kindness and humility. If we are all able to work towards becoming these people, that is a very exciting world for us to anticipate.

During Science, Squirrels have developed excellent knowledge of the skeleton.

The children know how the skeleton supports, protects and allows us to move.
