A Message from Mrs Holmes

I cannot thank you enough for the support with our recent book fair. You raised £250 to spend on books for our school and we have some fantastic books to add to classrooms.

Well done to all the children who took part in the cross country trials this week. Everyone ran brilliantly, with 5 children qualifying for the finals in November.

I am delighted to inform you that our new Teaching Assistant, Mrs Lee, will be starting on Monday. She has valuable experience in primary schools and will be a huge asset to the team.

Pupil Leadership is an important part of our school life. Our School Council have launched their 'I'm Friendly' initiative to support our children with their mental health. If a pupil needs support or someone to talk to, they can approach children wearing a badge and they will be a listening ear or there to help them.

Our Grandparents coffee, cake and crafts event was a huge success. We really value sharing these moments with our community. Thank you to Friends of FoG for organising.

Bringing Science to life!

Every pupil experienced the space dome this week and the awe and wonder this created in school was magical. We learnt about space, the moon and all the different planets! Thank you to Mrs Rimmer for organising this memorable experience.

Our school trips are planned inline with our curriculum objectives to enhance learning for our children. Our KSI joined with KSI from Skelton Primary for their open top bus and Clifford's Tower trip linked to their history learning this half term. It was fantastic!

Thank you to our families for attending our class drop ins this week. It was wonderful to see the children talking about their learning and being so proud of their school.

Early Years and KSI loved their Phunkyfood workshops this week learning important life skills!
